Speaker & Farmer Panel Discussion

Join the Freeborn Area Soil Health Team for this FREE soil health workshop!

Come learn about soil health practices farmers can implement on their land to benefit the soil, environment, crop yield, and more!

Bring this flyer with you to the event to be entered in to win a prize the day of the event!

This event is part of the I-90 Soil Health Tour with stops in Hokah (2/8), Albert Lea (2/9), Fairmont (2/10), and Heron Lake (2/11).

Guest Speakers:

Mitchell Hora – Seventh generation Iowa farmer and podcast host of *Field Work* with experience in reducing fertilizer inputs by 45%.

Dean Sponheim – Fourth generation farmer from Northern Iowa with experience in strip till and cover crops.

Anne Sawyer – University of Minnesota extension educator in water resources with an expertise in the function of carbon in the soil.

CEU's will be available at this event!
